March 28, 2007

(Point Richmond, CA) – Julie Gordon White wants everyone to know that learning how to sell small businesses as a successful business broker can lead to a six-figure career. Julie will provide the how-to details of the business brokerage industry in her ***How to Become a Six Figure Business Broker*** seminar on April 5th for The Learning Annex in San Francisco.

“Being a business broker is the most lucrative and flexible lifestyle career,” stated Gordon White. “I was able to start my business with little start-up capital, and was able to find a good balance between spending time with my family and growing and developing a successful business.” Julie has personally closed deals everywhere from the soccer field to the Bahamas (while on vacation). “I always say that I work around the clock, but at least it’s my clock” Gordon White added.

Gordon White has more than 20 years of experience brokering companies, running a family business and previously holding executive level positions with Sheraton Hotels. It is her solid business sense and personal experience that has made her successful. “I wanted the opportunity to share what I know with others,” she said. “The Learning Annex is an ideal setting to share my message.”

Gordon White will be presenting her popular seminar on April (5) and again on May (16). “My goal is to continue educating and inspiring as many entrepreneurs as possible to consider a lucrative and flexible lifestyle career as a business broker,” Gordon White commented.

As owner and principal of BlueKey Business Brokerage Mergers & Acquisitions in Point Richmond, Julie’s successful business is on track to close more than \$7 million dollars in transactions by midyear (since it’s inception in 2003). BlueKey is a privately held business brokerage mergers and acquisitions firm specializing in the sale of companies with revenues up to \$10 million.
